

CIEPEC 2007

Environmental Technologies in China

The "State of Vermont" booth at the China International Environmental Protection Exhibition and Conference (CIEPEC) from June 21-24 was an opportunity for Vermont companies and government entities to attend the largest and most comprehensive exhibition and conference for environmental protection products and services in the country.

In addition to other governmental meetings in major cities in China, the Governor attended the opening of the CIEPEC show and briefly stopped by our federal partner booth, the U.S. Commercial Service - Beijing.

Vermont Governor James Douglas with U.S. Commercial Service - Beijing staff and U.S. Commercial Service - Vermont Director (Susan Murray, 2nd from left) at CIEPEC 2007 in Beijing, China.
